STEAMERS COLLIDE IN FOG

CITIZENS OPPOSED OPERATION BUS LINE

Citizens of Richmond seem generally opposed to the operation of motor bus lines on Macdonald avenue, which would pick up the cream of the traffic, and probably force the Key System to abandon all its Richmond cross-town lines, which it is now operating at a loss.

The more this fact dawns upon the populace here, the more they rally to the support of the Council in denying a permit to the motor bus company, and the more they become opposed to this parasitical absorption of business by a motor bus line that runs into no "dead" territory and does nothing to develop outlying sections of the city.

Cities can only grow if the rail companies build into outlying districts. Cut off Twenty-third street, the Grand Canyon park, the Eighth street and the harbor section lines, and how could the city grow.

It is a fact that every one of these lines are operated at a loss, but the Key System is enabled to stand this by the more heavy traffic on Macdonald avenue. Take any substantial part of this away, and the Key System might find the loss too great to carry.

Remove the rail lines from the outlying districts, which they are now serving to build up, and how many motor bus lines are going to serve the territory thus deprived of transportation. Motor bus lines are not

Candidacy of Reindollar Is Growing Daily

As every day passes, the indications grow stronger that Charles F. Reindollar of San Rafael will be the next state senator of the ninth district, which comprises the counties of Contra Costa and Marin.

Mr. Reindollar spent a portion of today in Richmond and he was met with the greatest of enthusiasm. The organization of workers that he has perfected in all sections of the county are doing herculean work. The reports that are being received from these volunteer workers are most assuring.

Darktown Follies To Appear at The Richmond

The Sunday program at the Richmond T. & D. Theatre is an unusually fine one. The famous Darktown Follies will appear, in addition to the picture program. This is a regular old-time minstrel show, with all of the songs, dances, jokes and stories that have made the colored entertainers of the south famous. This show is direct from a three weeks' run in San Francisco, where it scored a big hit. Some of the best colored talent of the south is included in the cast.

These are real southern darkies, with the inimitable humor and the broad smile that spreads to the audience and breaks out into roars of uncontrollable mirth. Those who enjoy first class minstrel shows will be given a real treat.

The picture program includes Margery Wilson in a play of the Canadian Northwest, "Wild Sumac."

Today Viola Dana in "Dangerous to Men" is the feature.

Full Independence, Demand of Poland In Peace Parley

LONDON, Aug. 21.—At the second sitting of the Russo-Polish peace conference Thursday at Minsk the head of the Polish delegation announced Poland's peace conditions to be the complete and inviolable independence of the Polish republic, with no interference in its internal affairs, according to a wireless dispatch from Moscow today.

The Polish delegate said Poland did not declare war. He asserted the Polish troops had occupied territory once belonging to Poland merely to attain the free decision of the peoples regarding their fate, and declared Russia was trying by force to establish a Soviet regime in Poland. M. Danishevsky, chairman of the Russian delegation, asserted the Ukraine was an independent republic allied to Russia. He therefore proposed that the Polish delegates obtain a supplementary mandate authorizing them to conduct peace negotiations with the Ukraine. Then M. Danishevsky read the terms proposed by Soviet Russia.

In the business of building cities—they merely take the easy money, and who can blame them if they can get by with it?

Another thought is swelling the protest: If the Key System's Richmond business is cut into seriously, there are just two things it can do, reduce the quality of its service, including running cars less frequently and laying off men and going before the Railroad Commission and getting another raise in fares. Then the bus company will get the same raise and we will have quite tall transportation rates.

Miss Winifred Hooker will preside at the first piano, and Jean Elizabeth Brown will preside at the second piano.

On the evening of the 27th there will be a reception and evening of song as a preliminary to the opening of the big revival.

27 Pages Raised By Pythians to Rank of Esquire

The remaining forty-eight Pages will be given an opportunity to get the work of Esquire next Friday night. The school of instruction will be continued by Master of Work D. S. Delaney at Pythian Castle next Tuesday, Wednesday, Thursday and Friday nights at seven o'clock.

The membership director was instructed to write Los Angeles Lodge No. 2, which has been the second largest lodge in California, reporting the present membership of Richmond and requesting a statement of the present membership of the lodge in Los Angeles, so as to have a show-down on the present membership, stimulating both lodges to competition for gains the balance of the year.

Chancellor Commander A. W. Parker is back from his hunting trip in the mountains, refreshed by his experiences in the wilds.

Antioch, 1096.
Concord, 912.
El Cerrito, 1505.

Consumers Must Curtail Use of Electric Current

The twenty per cent cut in the use of electricity as ordered by the railroad commission becomes effective today, and the Western States Gas & Electric company is publishing advertisements in all of the papers, giving notice to that effect. If users of electricity do not economize, drastic restrictions will be made. The water in the rivers of the state is getting very low.

It is very likely that all illuminated signs and a part of the street lighting in the city will have to be eliminated for a time.

Everybody reads the Record-Herald.

NORTHERN FOREST FIRES ARE CONTROLLED

All the forest fires in northern California were under control today, according to reports received by Paul G. Redington, district forester, headquartered here.

Eleven fires were burning, some of them big ones, but there was no apprehension that any of them would again get beyond bounds.

The Stanislaus forest fire in Stanislaus county, in the Jawbone district was brought under control late last night, after having burned over upward of 15,000 acres.

In the Trinity, Shasta, Modoc, Lassen, Klamath and California forests the fires have been conquered. It will be some time, however, before all are extinguished. Two hundred men were holding the line today in Stanislaus forest. Little timber was destroyed.

Death Takes Oakland Chain Store Founder

OAKLAND, Aug. 21.—Many friends throughout the state are mourning the death of J. W. Cherry, one of the founders of a large chain of stores, which bear his name, who died at the Fabiola Hospital from a complication of diseases due to age. Death was unexpected, as the condition of the patient appeared to be improving up to a few moments before his death. The deceased is survived by a widow, two sons, Charles S. Cherry of Oakland and G. H. Cherry of New York, and a daughter, Mrs. A. B. Spinnet of Arizona.

Funeral arrangements are halted pending the arrival of G. H. Cherry from New York.

ALAMEDA, Aug. 21.—Miss Marie Secaro, 20, of San Francisco, and Miss Marie Lewis of Centerville, are suffering from minor bruises and cuts today, as the result of an accident at Webster and Pacific streets yesterday when the automobile in which they were riding was struck by another machine, the driver of which stopped to render aid. His name was not learned. The young women were not seriously injured.

29 MISSING AS RESULT CRASH OF VESSELS

SAULT STE. MARIE, Mich., Aug. 21.—The lives of twenty-nine persons, one of them a woman, are believed to have been lost last night when the steamer Superior City, a freighter, sank four and one-half miles north-east of Whitefish Point in Lake Superior, after colliding with the steamer Willis L. King in a dense fog.

The steamer Turner picked up one of the four members of the Superior City's crew known to have survived. The man rescued said three others were picked up by another vessel he could not identify.

Walter Richter, boatman, one of the survivors, brought here by the Turner, is in a hospital, seriously injured.

"The captain's alarm signal rang just two minutes before the crash," said Richter. "If we had had two minutes more, no lives would have been lost. The King struck us just aft of midships on the port side, and the impact took away the entire stern. Several boats were torn away while the men were attempting to launch them."

Richter reached a floating hatch cover and later was rescued by the Turner. Richter's home is at Lorain, O.

Other survivors were Cal Lohme of Chicago, second mate, and Peter Jacobson of Cleveland, wheelman.

A. L. Delegates Leave for State Convention Tonight

The first state convention of the American Legion meets in San Diego next week, and this evening the delegates from Richmond Post will leave for the southern city. They will be absent for the week.

Those delegates who are planning to attend the convention are J. T. Nabbert, Bayard Lang, Reverend Paul Little, T. M. Carlson and B. W. Spear.

BENEFIT GAME TWILIGHT LEAGUE

The long awaited announcement of the date of the benefit game for Amiel La Coustra, injured pitcher of the Carpenter Shop team, in the Standard Oil Twilight League, has finally been made. Wednesday evening, August 25th, is the time set for the contest. Bill Toser will lead his championship nine, the Boiler Shop, against the "All Stars" aggregation, which has been selected to meet the El Segundo outfit who are coming north for a series over Labor Day, September 4th, 5th and 6th.

Without a doubt, Wednesday evening's game will be one of the best staged by the league. Many stars of the different clubs, such as Chick An-

trey of the Richmond Elks, Red Allen of Watsonville, Artie Schimpff, Charley Friene, Steve Cronin, Dallas Locker, Skipper Roberts, Pinkerson, Bill Toser, Rudy Merani and numerous others will don suits for the occasion. This benefit game is one of the preliminary contests to be staged by the "All Stars" before they take on the El Segundo club over the Labor Day holidays. Three games are to be played then, on Saturday, Sunday and Monday, with the southern outfit, that has won the championship of their section.

A game with the San Francisco S. O. office team will be played here next Saturday afternoon, August 28th.

Although there will be a monster crowd present, it is expected that hundreds will buy tickets for the event, who do not expect to attend.

To Our Consumers of Electricity

On account of the prevailing Hydro-Electric Power shortage due to the natural flow of the rivers falling to a very low point, the Power Administrator of the Railroad Commission of the State of California has issued Order No. 113 on August 19th, 1920, which reads as follows:

"Effective This Date"

1—The use of electric energy for power purposes, except domestic use and use in connection with growing crops and handling of perishable foods, shall be reduced **twenty per cent.**

2—The use of electric energy for the irrigation of vacant lands and of lands from which crops have already been harvested, shall not be permitted during the present shortage.

3—The attention of consumers of power for the irrigation of growing crops shall be called to the fact that unless a large reduction is voluntarily made that drastic restrictions will become necessary.

4—The power companies shall direct the attention of the city officials in their territory to the fact that electric energy used in street, sign and display lighting is being lost for productive purposes, and shall urge them to restrict this use as far as may be consistent with public safety.

5—The above reductions in the use of electric energy shall be made, so far as possible, between the hours of 7 a. m. and 10 p. m.

6—The power companies shall insert in all papers published in the territory they serve an advertisement referring to this order, calling attention to the power shortage, and urging consumers to conserve electricity used for any purpose in every way possible.

BOILS

Oakland, May 17, 1930.
"From boyhood I have suffered from boils due to impure blood. My blood pressure was so high that for a long time I had severe headaches and my body was continually wet with excess perspiration.
"After having been treated by many doctors, I finally found one who cut my boils open in a fruitless attempt to cure them. When he had cut me about twenty-five times, I quit. I then tried a milder remedy in the form of the FONG WAN CHINESE HERB TEA. I took the herb tea faithfully for about three months, during which time my blood was thoroughly CLEANSSED OF ALL IMPURITIES. When my blood had thus become pure and rich, my boils automatically disappeared, and my blood pressure also became normal. I therefore no longer suffer from either headache or excess perspiration."

CANDY SUPPLANTS HIGHWAYS IN POOL ROOMS IN PROHIBITION ERA

THEODORE W. BUNTE

CHICAGO. — Prohibition has spread the candy habit. No longer is the dainty miss with her traditional passion for dainty confections the nation's largest candy consumer. She has a rival in the young man who has substituted candies and chocolates for beer and highballs.

"The billiard parlors and cigar stores," said Theodore W. Bunte, "Chicago candy manufacturer," "are becoming formidable competitors of confectionery stores in the sale of candies. Instead of ordering liquor between games, pool and billiard players eat candy. A man who had the temerity to eat candy in a pool room once would have been thought a milkydoodle. Since prohibition, the pool rooms have built up an immense candy business. We have been shipping candy in barrel lots to many cities to supply this new trade."

"Women in the past have been the mainstay of the candy trade. But it is a matter of trade statistics that men have become the nation's greatest candy eaters since prohibition went into effect. The candy habit has superseded the whiskey habit."

"The public has been wondering why candy manufacturers need so much sugar. Prohibition is the answer. Prohibition is building up a greater demand for candies than the country ever knew before and it is the newly acquired appetite for sweets among men that is responsible for the market expansion."
